

RJ45 connector with Logo

UTP RJ45 modular connector is designed to terminate wire cat6 network cable the connector contains two metal teeth that hold the wire in place giving a reliable connection. TIA/EIA T568A or T568B.

Technical Data

Category	Cat6/UTP
Plug type twisted pair	RJ45
Number of wires	8
Wiring diagram	T568A and T568B
Wire type Unshielded	Solid/Stranded
Cable exit	Straight
Color	Plug/cover: transparent
Contact Material	Phosphors bronze
Mating Cycles	> 750
Contact plating	1.27µm
Material	Polycarbonate
Nominal Current	0.75A
Operation temperature	-20 °C to +70 °C
Conductor	26-23 Awg
Insulation Resistances, minimum	500 m0hm
Package Quantity/cover	100
