

Surface Laptop 5 for Business

Do it all with style, speed,
and performance

Do it all with style, speed, and performance

Make your impact, from the way you show up to the way your work stands out, with Surface Laptop 5. Lightning-fast performance, sleek portability, an enhanced camera for more engaging video calls, and built-in security enable impactful work on your terms.

■ Superpowered for serious work

It's hard work, but you make it look easy. Effortless multitasking like this is only possible with serious 12th Gen Intel® Core™ processing power and battery life for days. Lead a video call, crush a few spreadsheets, open another huge file – and do it all on multiple monitors.

■ Design with purpose

When you're the top talent, you expect a device designed for impact. Be more productive wherever you work, with ultra-slim portability, versatile Thunderbolt™ 4 connectivity, and an industry-leading keyboard that enables faster and more accurate typing.

■ Up level the way you work

Be authentic and fully engaged. Reach out and touch your work on the vibrant, high-definition PixelSense™ touchscreen, and be heard clearly with Studio Mics. Look your best with an enhanced camera that adjusts to movement and light, and experience effortless interactions with touch and more personal productivity suggestions, powered by Windows 11.

■ Deploy, manage, and stay secure from anywhere

Give IT peace of mind knowing that that your company, customer, and employee data are safe and secured with a Windows 11 Secured-core PC. Surface customers save time and money with streamlined deployment, modern device management, and built-in, cloud-powered security.

¹ Requires Dolby Vision® encoded content and video.

² Up to 18 hours of battery life based on typical Surface device usage on Surface Laptop 5 13.5-inch

³ Customer Replaceable Units (CRUs) are components available for purchase through your Surface Commercial Authorised Device Reseller. Components can be replaced on-site by a skilled technician following Microsoft's Service Guide. Opening and/or repairing your device can present electric shock, fire and personal injury risks and other hazards. Use caution if undertaking do-it-yourself repairs. Device damage caused during repair will not be covered under Microsoft's Hardware Warranty or protection plans. Components will be available shortly after initial launch; timing of availability varies by component and market.

⁴ System software uses significant storage space. Available storage is subject to change based on system software updates and apps usage. 1GB = 1 billion bytes. 1TB = 1,000GB. See [Surface.com/Storage](https://www.microsoft.com/surface/storage) for more details.

⁵ Requires Dolby Atmos® encoded content/audio.

⁶ Microsoft's Limited Warranty is in addition to your consumer law rights.
